HALF-DISTANCE SPRINT, RELAY AND JUNIOR OPTIONS ALSO AVAILABLE!

2026 BC CROSS TRIATHLON CHAMPIONSHIP / 2027 WORLD CHAMPIONSHIP QUALIFIER

ATHLETE INFORMATION PACKAGE 2026

To wannabe travel writers, it's the Village in the Forest. To locals, it's an eclectic and wildly unpredictable community of free-spirited individuals – where the ghosts of Ginger Goodwin and countless forgotten coal miners share the streets with a new generation of fiercely independent Islanders and stoke-chasing urban refugees.

But to those of us who crave the mud beneath our shoes, or the intoxicating rush of shredding dirt trails carved from the rainforested slopes of some of the Pacific Rim's most inviting wilderness, it's nothing short of legendary.

This is Cumberland, BC. Welcome to Dodge City.

We gratefully acknowledge that our event is held on the unceded traditional territory of the K'ómoks First Nation.

Our routes traverse lands currently owned by a number of partners, for whose support we are grateful. These include TimberWest Forestry Company, Manulife, Cayet and the Village of Cumberland.

The United Riders of Cumberland (UROC) is a non-profit society that maintains the trail network and manages licence agreements with the landowners. Without their dedication, none of us would have access to this world-class network, and we encourage you to learn more and show your own support at www.unitedridersofcumberland.com.

PACKAGE PICK-UP

Friday, September 11, 2026

Package pick-up for all athletes will be on Friday, September 11 from 3:00 to 6:00 pm at **Frontrunners Cumberland**, [2699-B Dunsmuir Avenue](#). For relay teams, only one team member is required for package pick-up.

VERY IMPORTANT: All athletes must have either a TriBC (or affiliate) membership or single-day insurance to pick up your race package. If you haven't yet purchased insurance, do so **RIGHT NOW** here: <https://upliftercycling.com/#!/memberships/triathlon-bc-day-membership-2026>.

NO INSURANCE = NO RACE PACKAGE = NO RACE!

If you are late to purchase your insurance, be prepared to show proof of purchase, such as an email receipt, at package pick-up.

For out-of-town athletes unable to make package pick-up that day, pick-up will be available from 6:30-8:30 am on race morning at the registration tent at Village Park (Race Central) – look for the tent with the red Steam Donkey Racing flags out front. Please get there early if you need to pick up your package on race morning, as you will still need to set up your two transitions and get to the lake for the race start — approximately 5km away. PLEASE, IF AT ALL POSSIBLE, PICK UP YOUR RACE PACKAGE THE DAY BEFORE THE RACE.

MANDATORY TRANSITION BAGS

When you pick up your package, you will receive your items in a large plastic bag with a drawcord. This bag will be labelled with your name and/or number and **you must use this bag during BodyNetix T1** (swim/bike transition).

When you exit the swim, **all items must be placed in your transition bag**, which you will leave in transition when you exit for the bike leg. Once all athletes have cleared T1, volunteers will collect your bag and transport it to Race Central, where it will be waiting for you after the race. **All items must be collected before 2 pm.**

Any items not in bags, and bags without numbers, will be placed in “lost and found” at the Registration tent.

COURSE MAPS

Detailed course maps can be found online at www.dodgecityx.ca. The route will be flagged, but ultimately it's your responsibility to know the course.

YOUR TIMING CHIP

Your race package will include a timing chip, which you must attach to your **left ankle** before race start. **DO NOT LOSE THIS CHIP** or transfer it to someone else. This is how our timing system knows you are you! Lost chips will be subject to a fee. If you pull out early during the race, be sure to report to a marshal and give your timing chip to a Triathlon BC official (in TriBC vests) or to the volunteers at the Registration Tent.

YOUR NUMBERED BIB & STICKER

Your package will contain one numbered race bib and one numbered bike sticker. The sticker goes around the seat post of your bike (be careful not to impede your dropper post). The bib ***only needs to be worn during the run***, positioned so that it faces forward. You may use the supplied race belt, but it's not required. **Relay teams:** Only your runner needs to wear the numbered bib.

YOUR SWIM CAP

We use high-quality silicone swim caps that are shipped with a thin powder coating to prevent sticking during transit and storage. This powder can get slippery when wet, so we recommend that you rinse your swim cap with clean water prior to race morning to prevent slippage during the race. **If you're a nervous swimmer, please ask for a yellow swim cap at package pick-up so our swim marshals can show you some extra attention.**

RACE RULES & INFO

Course descriptions, maps, cut-off times and more can be found on our [Athlete Information page](#). This page also includes important information about governing rules, equipment, etc. that you should review before race day. It is your responsibility to know the rules and abide by them.

INFORMATION FOR RELAY TEAMS

Only the runner and biker need body marking, and only the runner must wear the race bib.

Chip hand-off: Relay team members will hand off their team's timing chip from one athlete to the next during transition. For example, your biker will await your swimmer in BodyNetix T1 next to their bike and affix the chip to their left ankle once the swimmer has removed it from theirs. Do not remove the timing chip until you're at your designated spot in Transition. It is your responsibility to be at transition when your teammates need you. Your biker must put on the timing chip before they unrack the bike in T1, and can only hand off the chip to the runner after the bike is racked in T2.

Please note that only race participants are allowed to enter the BodyNetix transition areas. Parents of youth sprint relay racers: we'll aim to position the youth relay racks near the periphery of the transition areas so you can get close without entering transition.

RACE CENTRAL IS CUP-FREE!

In an effort to reduce the environmental footprint of our event, we are eliminating single-use plastic cups at Race Central this year. Instead, you'll receive a super durable, hyper reusable and bona fide kick-ass stainless steel tumbler **when you cross the finish line**, which you can use for both water at the food tent and/or fancier drinks at the Beverage Garden. **Relay teams: we will provide tumblers for non-runners in your swag bag.**

Additional tumblers will be available for purchase at the merch tent (next to Registration), and/or you can also purchase one with your drink at the Beverage Garden.

Please be aware that non-athletes who don't receive a free tumbler will either have to bring their own cup or, better yet, purchase a DCX tumbler of their own. They'll want one once they see yours anyway.

Cups will be available at the run aid station; runners do not have to carry their own on the run.

RACE DAY

Saturday, September 12, 2026

Transition and body marking open at 6:30 am at the Registration tent in Village Park. This will be your first stop on race morning — look for the red Steam Donkey Racing flags. (For maps to the race venues, visit our [Getting Here page](#).)

You must receive body marking and have your bike sticker affixed to your seat post before entering BodyNetix T2. Once you've set up your T2, you can proceed to the Cumberland Lake Campground parking lot (BodyNetix T1) to set up your T1 and prepare for the start of the race. ***We recommend you ride out to the lake or get dropped off, as parking will be limited.***

You are free to warm up in the lake inside the booms and to the left of the floating dock until your wave is called to the starting area (see schedule below for approximate start times of each category). Please pay attention to the time and listen for the race announcer. There will be a ***mandatory pre-race briefing at 8:45*** on the beach just outside of BodyNetix T1.

Starting the Swim: The Dynamic Spine, Sport & Wellness Swim Course features a ***wet swim start*** just beyond the log booms. Before you start your swim, you must pass through the start chute on the beach to activate your chip (and steer clear from this chute until you're ready to start to avoid a false activation). You may then swim out to the booms; when your wave start is called, pass under or between the booms and line up at the start. You are free to warm up inside the booms to the left of the floating dock at any time before your wave start. Listen for race announcements telling you when it's your turn to pass through the start chute.

PARKING

Parking at Comox Lake will be extremely limited; we **STRONGLY** encourage athletes to bike or carpool to the start. Limited parking for Race Central is available at the Village Park parking lot (near the Coal Hills BMX track), and on the streets of Cumberland.

SCHEDULE OF EVENTS

Friday, September 11, 2026

3–6 pm Package pick-up, Frontrunners Cumberland, [2699-B Dunsmuir Avenue](#)

Saturday, September 12, 2026

6:30 am Transition opens

6:30–8:30 Package pick-up and body marking – Registration tent, Village Park

8:00 am Water temperature & wetsuit permissibility announcement

8:45 am **Mandatory pre-race briefing** for all athletes on the beach at Comox Lake, near BodyNetix T1

9:00 am **STANDARD & STANDARD RELAY START**

9:25 am **SPRINT START (time is approximate)**

9:30 am **SPRINT RELAY START (time is approximate)**

11:30 am Beverage Garden opens at Race Central (all proceeds benefit the Cumberland Community Forest Society)

12:15 pm Cut-off at BodyNetix T2 (Time is approximate but is 3h15m after the start time). No athletes may start the run after this time.

2:00 pm Architype Millwork & Cabinets award presentations, Race Central (Village Park) **Draw prizes will also be awarded – be here to win!**

2:30 pm Transition & bag pick-up close — all items must be collected

4 pm Beverage Garden closes (if demand warrants)

AID STATIONS

Swim

Water will be available at the exit of the Dynamic Spine, Sport and Wellness Swim Course.

Bike

There will be no aid station on the Dodge City Cycles Bike Course. Please carry whatever hydration and nutrition you will require for the duration of the bike.

Run

There will be one aid station on the Thomas Dargie Run Course **just beyond the “BMX bridge.”**

All athletes will pass this station twice: first about 50 metres into the run and again at approximately the 4.5-km mark. This aid station will have both water and [Skratch Labs hydration drink](#), and cups will be available as well.

TRANSITION SECURITY

Volunteers will be controlling access to the two BodyNetix transition areas from 6:30 am to 2:30 pm on race day. When retrieving your bike from T2 after the race, be prepared to show that your race number matches the number on your bike. **For this reason, we ask that you retrieve your own bike from T2.** If you need to have someone else retrieve it for you, please give them your numbered race bib so they have something to show the transition attendant.

MOUNT/DISMOUNT LINES

When exiting BodyNetix T1 with your bike, you are not allowed to mount your bike until after you cross the clearly marked mount line. At the end of the Dodge City Cycles Bike Course as you near T2, you must have at least one foot on the ground before you cross the dismount line.

SAFETY

Swim

We will have lifeguards and swim marshals on SUPs and/or in kayaks throughout the Dynamic Spine, Sport & Wellness Swim Course. ***Should you need a rest, you are allowed to hold onto any of these vessels as long as you do not use them to make any forward progress.*** Our marshals are there to help you! If you require assistance, put your hand up and a marshal will assist you. (Also, please note that SUPs may be positioned at turn buoys to make the corner “rounded” rather than a 90-degree turn. Please swim around them.)

Nervous Swimmers

If you are a weak or nervous swimmer and you would like particular attention in the water, ***please ask for a yellow swim cap when you pick up your race package.*** This will help you stand out to our swim course marshals.

Trail Conditions & Route

The race course uses technical mountain biking and running trails that are loaded with roots, rollers, rocks and other fun elements. Some of these trails can be challenging when dry and even more so when wet. Ride safely, in control and within your ability. We will have a first aid team on the trails, but let’s give them a really boring day! Note that the trail network is also open to other trail users, so be aware at all times. The route will be flagged, but it is your responsibility to familiarize yourself with the course.

Trail Features

Sunset Strip has a sketchy bridge feature with an easy-to-see ride around – ride around it! On Bonestorm, the course veers to the left to avoid the rock roll. Watch your speed on the rollable kickers on New Vanilla, Field of Dreams and Bonestorm. Ride in control and follow all flagging!

Wildlife

We share our forests with a variety of wildlife, including black bears and cougars. While it’s rare to encounter one on the trails, it is possible. Know what to do should you be fortunate enough to spot one of these local critters. If you need some guidelines, [here’s what BC Parks advises for wildlife encounters.](#)

Less-Wild Life

All of the trails will remain open to the public during our event and you may encounter recreational riders, runners or hikers on the course. Please be courteous and respectful, and ride/run in control at all times.

TRAIL SIGNAGE

You will see the following signs on course. Here's what they mean:

Directional arrows could point left, right or straight ahead. Follow them.

There is a steep or otherwise potentially tricky section ahead. Proceed with caution.

There is a bridge ahead. Some are narrow and may be slippery if wet. Use caution.

Yield to any oncoming athletes.

These hopefully self-explanatory signs point in the direction of the upcoming turn. Control your speed and be ready to turn.

You will be penalized if you mount your bike before the mount line or dismount (have at least one foot on the ground) after the dismount line.

HOUSEKEEPING

A few reminders:

- **Smoking** is not allowed anywhere on the race course, in Race Central or in the trail network
- **Dogs** are not allowed in Village Park (Race Central) other than in the designated off-leash fenced area near the skate park and pump track.
- **Garbage** is not appreciated in our trail network. Littering is not permitted on the trails or in Race Central other than at designated drop zones around our aid stations.
- **Cross triathletes** are known for being courteous, laid back and respectful. If you need to pass, politely call out and wait for an appropriate time. If someone wants to pass you, pull over as soon as you're able to do so safely. Let's keep cross triathlon cool.

**BEST OF LUCK,
AND HAVE A FANTASTIC
RACE!**
